

Kitchen Better.™

Lift and Latch™ makes installation easier than ever!

See Lift and Latch
in action.

Just Lift and Latch!

We've simplified the installation process by eliminating the challenge of having to hold the disposal with one hand, while adjusting the mounting ring with the other hand.

Designed to Align

Lift and Latch technology features a notch in the disposal body that aligns with a tab on the lower mounting ring, holding it in place.

Simplified Mounting

Our exclusive design enables you to use both hands to lift the disposal and twist it over the mounting ramps until locked.

Compatible with all previous InSinkErator installations and available on all Contractor and Pro Series garbage disposals.
